

## IMF8-N4PC30-A2P

## Inductive Proximity Switch **3-Wire DC Metal Face** Sensing range: Increased

Mind  $O \neq 0$ ,  $I \neq l \neq 1$ ,  $S \neq 5$ ,  $B \neq 8$ .

| Housing size                    | M8×1                          |
|---------------------------------|-------------------------------|
| Mounting                        | non-flush                     |
| Sensing distance S <sub>n</sub> | 3.5 mm                        |
| Operating voltage               | 1030 V <sub>DC</sub>          |
| Reverse polarity protection     | built-in                      |
| Current consumption             | <8 mA                         |
| Current load capability         | 200 mA                        |
| Output function                 | ∠L normally closed            |
| Output polarity                 | PNP                           |
| Short circuit protection        | built-in, self-resetting      |
| Voltage drop                    | <1.5 V @ 200 mA               |
| Switching frequency             | 400 Hz                        |
| Reduction factors               | Alu 0.45 · Brs 0.50 · SS 0.85 |
| Operating temperature           | −20+70 °C · −3+159 °F         |
| Protection class                | IP69k, IP67 rear end          |
| Sensing face material           | SS 1.4301 (SAE 304)           |
| Housing material                | SS 1.4301 (SAE 304)           |
| Switching indicator             | built-in                      |
| Connection                      | PVC, ultra-flex               |
| Clearance z                     | 8 mm                          |
| Clearance x                     | 8 mm                          |
| Complies with                   | C€, RoHS RoHS compliant       |

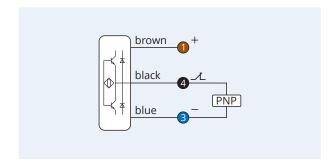

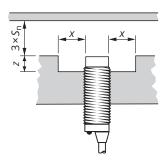

**Warranty** Our products are manufactured to stringent ISO 9001 European standards to ensure that our customers only receive the best quality.
